PROFESSIONAL SUMMARY

Entry-level Data Analyst with hands-on experience in Python, R, SQL, Excel, Power BI, and Tableau. Delivered end-to-end analysis projects and supported a Junior Data Analyst internship, cleaning and analyzing datasets, building dashboards, and translating insights for stakeholders. Skilled in statistical analysis, data modeling, and creating impactful visualizations to drive data-informed decisions.

TECHNICAL SKILLS

- **Skills:** Statistical Analysis, Basic AI & NLP concepts, Data Modeling, Microsoft Office, Looker, Big Query, Business insights, Performance analysis, Operational metrics, Data-driven decision making.
- **Data Analysis & Visualization:** Excel (VLOOKUP), Power BI, DAX, Tableau, EDA, KPI, ETL
- **Programming:** R, Python
- **Databases:** MySQL, SQL Server
- **Data Handling:** Missing values, Duplicate values, Data Cleaning, Transformation
- **Tools:** GitHub, Google Analytics

INTERNSHIP EXPERIENCE

Sadhvi Academy

Jun 2025 - Aug 2025

Junior Data Analyst Intern

- Cleaned, transformed, and analysed datasets using Python and SQL, applying statistical analysis to uncover trends
- Supported end-to-end BI projects from data consolidation to dashboard delivery, applying ETL techniques across SQL Server and Excel data sources.
- Collaborated with operations and finance teams to define KPIs and translate reporting requirements into interactive Tableau dashboards.

ACADEMIC PROJECTS

Flipkart Review Sentimental Analysis

- This project analyses customer reviews from Flipkart to classify them as positive, negative, or neutral using Natural Language Processing (NLP).
- It helps businesses understand customer opinions and improve product offerings.

Product Sales Region

- An Excel-based dashboard to analyse the regional sales performance of products.
- The analysis helps identify high performing regions, product demand, and sales trends.

Google App Store

- An end-to-end data analysis project using all major tools.
- The goal is to analyse app performance based on ratings, reviews, category, installs, and pricing.

CERTIFICATIONS

- Data Analysis Course (Python, SQL, Excel, Power BI, Statistics).
- Python for Data Science provided by IBM
- Google Analytics

EDUCATION

Nallamuthu Gounder Mahalingam College

BSC CS With Data Analyst /7.2CGPA

Aug 2022 - May 2025
